A WILDCAT REFLECTION

It's always a great day to be a Wildcat! All of the teachers, staff, and students have come together into one building. We all have continued to lean on and learn from each other. As we wait for Dexter Elementary to be repaired let us all be thankful for all support from our communities. Thank you to all who helped, encouraged, and listened during this transition. This month we have seen tremendous growth in all aspects of education. I am extremely proud of all the accomplishments made in the classroom and outside the classroom by the students and staff. Have a great rest of your January.

Andy Mayes- Elementary Principal
Ethan Calvert- Assistant Elementary Principal

LUNCH NOTES

The office wants to clarify school meals for all families. Students who bring lunch from home may purchase milk for \$0.55. For families that have qualified for free or reduced priced meals, milk is included in the price of a qualifying meal. However, if these students bring a meal from home, milk would need to be purchased. There is one milk per meal including breakfast unless another is purchased. No Pop is allowed at lunch. If you have any questions regarding breakfast or lunch please contact the building secretary.

BUILDING COMMUNICATION

Please send a note, call the building secretary, or send an email to communicate with the office about student absences and appointments. **Also, if your student has a change in their normal transportation plan please notify the office.** The building will continue to communicate with these monthly newsletters, email, telephone, and also through the JMC Grading System. Thank you in advance for your help!

QUICK REMINDERS

Students will be let in the buildings once Staff is on duty at 7:45AM for morning breakfast and morning recess will continue until 8:10AM when students are brought inside. It is expected that students will walk into the building on their own. Parents will not be allowed to walk their students to their classrooms. We would encourage that if Parents or Guardians wish to remain in the building that they complete the WCV Volunteer Form located in the front office. Visitors are expected to make the office their first stop. Students will be dismissed at 3:30PM everyday to their transportation home unless it is communicated to the office. Thank you in advance for your cooperation.

NURSE'S CORNER

Happy Winter! Please make sure that Students have medication that they need at school in the Nurse's Office. A friendly reminder that if a student has a high fever of 100.3 or is throwing up will be sent home until the student is fever free or has not thrown up for twenty four hours.

Please call Stuart or Dexter Elementary if you have questions or concerns.

STUART AND DEXTER PBIS

The school year has a Positive start and all of the students are being Responsible, Respectful, and Safe. Through the entire year, the students will be given tickets to reinforce positive behavior, and once a certain number is obtained, they may have a reward on their designated day. We are looking forward to our next PBIS day.
